Subject : 6 Months / 2005 Quality Performance

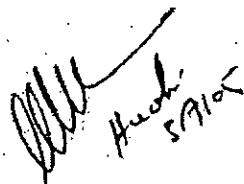

Dear Mr : Jens Kallfass

Over the past 6 months, FINE Jordan has been monitoring the quality of its suppliers and evaluating their performance based on a new performance system. The system will evaluate our suppliers on **shipment basis** and based on the **quality of the product received, the responsiveness of the supplier to communication** and on **time delivery** and the **correctness of the documentation** sent to help process the shipment.

Based on this evaluation it is our pleasure to inform you that your performance during the above period has been as an (A) class supplier .

We thank you for this strong performance and hope that you will keep up the good work as we work together for the prosperity and growth of our businesses.

Best Regards,

Purchasing Department
