# Fully automatic, continuous 2-side sealer

## SERVO PACKER 500

Using its continuous operating principle, the Servo Packer 500 packs products without STOP and GO at SPEED and in an extremely tight bag of paper and film. The result is a real rectangular bag. The best conditions for accurately fitting seams for cube-shaped products. User-friendliness is guaranteed by the 7 inch HM-Interface - Easy Touch - with its easy and intuitive operation.

### Technical specifications

	Servo Packer 500
Cross seal bar, length	550 mm
Seal bar clearance height	200 mm
Power supply	400 volt
Film and paper, flat	approx. 11 - 100 µm and 45 - 135 g/m <sup>2</sup>
